BRANDING GUIDE

LOGO GRAPHIC // EAGLE

The Eagle head is the primary mark for Sequoyah Public Schools. The logo is preferably shown in white for the head and beak and Pantone 2945c (or equivalent process color) for the detail. The outer white and blue contrast strokes should always be used regardless of background color.

PROPER LOGO ANGLE // EAGLE

Another crucial element of ensuring consistent logo recognition is the angle of the eagle head. The below image shows elements of the logo that can be used to confirm it is level. Across the top, the top left inner contrast stroke and the top right neck section can be used to level the graphic (example 1). The bottom portion of the nostril also falls in line with the next to lowest section of the neck towards the right side of the graphic (example 2).

TYPOGRAPHY // OUR TYPE FACE

Typography plays a major role in brand consistency. For official word mark, we utilize Square 721 Bold Extended. On some occasions, the combination of Square Bold Extended and a thin stroke version, Square Extended, is used in tandem.
