

Welcome to 2024-2025 8th Grade Science and Science STEM classes!! The following list is a starter list (should not be a lot of additional items needed, but if there are, I will try to give plenty of notice) Please feel free to contact me if you have any questions about supplies at 918-923-0123-calls and texts accepted on this number, or email me at [Susan.Woods@sequoyaheagles.net](mailto:Susan.Woods@sequoyaheagles.net).

1 ½ " - 2 ½" binder with 10 divider tabs  
Pencils - mechanical or Ticonderoga (these don't sharpen away to nothing quickly)  
Grading Pen (anything except black) or Highlighters  
Package of lined paper for their binder  
Package of copy paper  
Tissues  
Disinfecting Wipes  
Individually wrapped candies would be nice for rewards - preferably not chocolate.

*STEM Class only*

Pencil & Pen  
Science STEM notebook with paper

These are both hands-on classes, so there may be times when other items are needed for projects, I will let you know in advance what is needed.

I am looking forward to a great school year for 2024-2025!!!  
Suzie Woods
