Dear Parents,

The purpose of this handbook is to familiarize you with the operation of our school so that we might work together.

We invite, and encourage you to visit the school and get acquainted with your child's teachers. The offices of the administrators are always open to you, not just when problems arise, but when you have questions or observations regarding the operation of the school.

We feel a deep responsibility to provide the very best opportunity for learning at Sequoyah School. We have endeavored to employ a competent staff and provide them with necessary supplies and equipment. There can be no doubt that the atmosphere for learning at Sequoyah School is one of the best in the state. Much effort and planning have gone into obtaining a staff of teachers who work together with the administration, the school board and the students. We are extremely proud of this harmony, as it is important to provide the very best education for the youth of our community.

To be successful, every organization must have expectations and regulations to guide them. The Board of Education, the superintendent and the principals have established guidelines that will make the school safe and provide an atmosphere that will be for the good of all. Please study this handbook in order to familiarize yourself with the basic rules and guidelines of Sequoyah School.

STATEMENT OF COOPERATION

Cooperation means conducting yourself in such a way that others can work with you. Successful schools have the cooperation of the Superintendent, Board of Education, Principals, Teachers, Students and Community.

In order to better serve you we suggest that you contact the appropriate person as listed on page 3 when you have a concern or a suggestion.

If you have a problem, you should attempt to solve it at the point of origination. **If a problem occurs in a classroom, discuss it with the teacher first. If it isn't resolved, then call the principal.**

ATTENDANCE

If one is to profit from any school, he must attend its sessions. The benefits derived are proportional to the time devoted to attending.

Any absence except those pertaining to school activities will be recorded on school attendance records, a state requirement. **ANY ABSENCE, WITH OR WITHOUT DOCTOR'S PERMISSION, WILL DISQUALIFY A STUDENT FOR A PERFECT ATTENDANCE.**

SCHOOL ATTENDANCE POLICY: Absences will be recorded as: Scheduled school activities (ES) - within the state activity attendance policy). Absence Explained (AE) is an absence that has been verified by the parent/guardian. Absence Unexcused (AU) is an absence that is unverified by parent/guardian. To be recorded as Absent Medical (AM) a doctor's note must be turned in within 5 days from the day of the Doctor's visit. Absence Explained (AE) days are for illness that do not require a medical visit, funerals, drivers test, college visitation, and court appearances or incidental absences. State or National Qualifying (SAE) is an absence in which a student is absent for a qualifying event State or National. In a semester, if a student missed more than 7 days (AE - Absence Verified or AU - Absence Unverified) a grade of "F" could possibly be assigned in the class (NO CREDIT). Certain Emergencies may be approved by the building principal. In a semester, barring serious injury or illness, if a student misses more than 10 days with a doctors note the parents will be notified by the building Principal.

Assignments to Tuesday/Saturday School for attendance violations will be made up at the Administration's discretion. Tuesday/Saturday school does not remove an absence from the official record but does give students additional time and the opportunity to make up work on missed assignments and recover required seat time.

Seniors may have a maximum of three (3) days and Juniors two (2) days during the school year to visit colleges or tech educational schools. These visits must be pre-arranged with the counselor. The student should return with verification from the institution visited. These days will be counted as Excused School Activity (ES) and will not count against attendance.

The student has the responsibility of providing the school with a written doctor's note, or the parent note, on the day of his return to school (phone number should be included). Students will obtain an admit in the office before school. All absences must be cleared by the Principal's office.

Students will have one day for each day absent to make up their work with a maximum of 2 weeks. If a student is on a school sponsored activity, or is in a school but checks out of school before all of his scheduled classes, he/she will have one day for each day absent to make up their work, with a maximum of two weeks. Failure to turn in work during this time will result in a grade of "F" unless exception is made by the teacher. An absence of one day does not necessarily exempt a student from taking tests on the day of his return or turning in a paper or a project.

ATTENDANCE INCENTIVE (Grades 6-12 only): In an effort to improve attendance and reward students for academic achievement, we will be offering exemptions for Semester Tests. To be eligible, a student must be exempt in **ALL** classes. To be eligible, a student can miss no more than **2** days in **ANY** of their classes if they have all A's. If their lowest grade is a **B** they can miss no more than **1** day in **ANY** of their classes. If a student has a **C, D,** or an **F** in **ANY** class they are not eligible for exemptions. A student must meet exemption requirements for **ALL** classes in order to be exempt in **ANY** class. Arriving more than 15 minutes after school begins will count as an absence. Checking out before 2:45 will count as an absence. Any absence other than a school activity absence will count towards the exemption days.

APPLICATION FOR EARLY TESTING: All early testing must be approved by the building principal. Forms may be picked up in the counselor's office.

TRUANCY: (1) After coming to school she/he is out of any class without permission of the principal or a teacher. (2) After coming to school he leaves school without permission of the principal. Punishment for truancy is as follows:

- 1st Offense: Saturday/Tuesday School
- 2nd Offense: 3-day suspension
- 3rd Offense: Long term suspension

It is the student's responsibility to check in through the office if they arrive after the 8:30 tardy bell. If it is necessary for a student to leave school after arrival, they must clear it through the principal's office, by signing out and contacting a parent by phone through the principal's office. The intent of this policy is to allow students to check out for court appearances, funerals, to obtain driver's license, doctors and dental appointments.

Sequoyah Schools has a closed campus. Students are not allowed to check out for the lunch period to go to town to eat. High School students are to remain inside the building during their lunch period. They may go to their car if they receive permission from the Principal or Teacher on Duty.

TARDIES: Penalties for tardies in a semester are as follows: (1) First tardy no-charge. (2) Two tardies to any class will result in one hour of detention. (The teacher will assign the detention before or after school.) (3) Third tardy - 2 hours' detention. (4) Fourth tardy - one Saturday school, (5) Fifth tardy - two Saturday schools, (6) Sixth tardy - one day of suspension. If 15 minutes are missed from any class period it will count as an absence for that period.

DISCIPLINE

In the Sequoyah School system, the teacher shall practice such discipline as would be exercised by a kind and judicious parent. Minor infractions of school regulations may be handled by the teacher and/or administrator. In every case, a student should be informed of the nature of the infraction(s) with which he is charged and given the opportunity to tell his side of why punishment should not be administered. The teacher and/or administrator should be convinced of the guilt of the accused student before subjecting him to disciplinary action. Penalties shall be commensurate with the offense and normally be of the following categories:

1. Penalties that may be assigned by an administrator or a teacher.
 - A. Make-up times other than during class or lunch time.
 - B. Extra work beyond regular class work.
 - C. Punishment agreed upon by administrator and/or teacher.
 - D. Short term detention (2 days or less)* Detention will be served before and after school. Failure to report for detention could double the detention. Failure to report a second time will result in Sat./Tues. School.
 - E. Corporal Punishment. Reasonable corporal punishment that does not inflict permanent bodily injury may be administered by an administrator after careful evaluation of the case. In each instance, corporal punishment should be administered in the privacy of the principal's office or similar area.**

- F. Loss of privileges.
- G. Saturday School. Failure to report to Saturday/Tuesday school could result in suspension. Students may not be permitted to make up assignments and zeros may be recorded for any missing assignments.

**Participation in extracurricular activities, including sports, does not exempt a student from detention.*

***Parents who do not wish corporal punishment for their child must file a "No Corporal Punishment" form for each child with the building principal.*

- 2. Penalties that may be assigned only by an administrator:
 - A. Suspension from or removal from class. If a student is disruptive within a class, a teacher may send him to the office. However, the decision to suspend or permanently remove the student from the class should be a joint teacher-administrative decision, rather than one made by the teacher alone.
 - B. Any suspension from school will result in an equal number of Saturday school days being assigned.

EXAMPLE: A three-day suspension from school will result in three Saturday schools being assigned.

The parent will be notified of the suspension by mail or telephone. Students are not permitted to participate in or to attend any school activity while under suspension.

- 3. Right to Appeal any lengthy suspension (10 or more days). The parent/guardian must submit the request for appeal to the superintendent within three school days of the final decision of the building principal. They have the right to appeal from this hearing to the Board of Education, if they so desire. The decision of the Board is final.

The following are common examples of punishable infractions:

- 1. Defiance of authority of the teacher or employee of school; failure to identify self to a school employee, willful disobedience.
- 2. Profanity.
- 3. Failure to follow instructions from staff members.
- 4. Running in hall.
- 5. Violation of published school regulations.
- 6. Bus misconduct.
- 7. Minor defacing or damaging of school property or personal property of others.
- 8. Use of any tobacco products/E-Cigs/Vapes.

9. Habitual truancy or tardiness to class.
10. Stealing
11. Fighting or exhibiting quarrelsome behavior.
12. Unsatisfactory appearance or mode of dress.
13. Forgery of notes.
14. Unbecoming conduct or annoying distractions.

Sequoyah School Administration reserves the right to limit certain school privileges or functions for students who are on probation for academics or behavior.

4. Lengthy Suspensions. A lengthy suspension is in excess of ten (10) school days and may extend to the remainder of the semester or for the school year. It may also include removal from the rolls for the remainder of a semester and for the entire following semester. If such suspension occurred during the second semester, the period of the lengthy suspension would include the first semester of the next year.

Offenses in Sequoyah School whose commission would place a student in jeopardy of a lengthy suspension would be one of the following categories:

1. The offense would be a felony by the laws of the State of Oklahoma.
2. The offense would be a misdemeanor by laws of the State of Oklahoma and such a serious violation of school rules that the administration determines lengthy suspension to be appropriate punishment.
3. Offense is a repeated violation of school rules or of significance that administration determines lengthy suspension to be appropriate punishment.
4. Possession of dangerous weapons as described in Section 20-1 or Title 70; Oklahoma Statutes, on school property or at any school function will result in a two-semester suspension.
5. Continued lack of interest in educational improvement and excessive absenteeism.
6. If a student is charged with a felony, he will be suspended from school until a review can be held.

Examples of lengthy suspension include, but are not limited to:

- a. Felonies or misdemeanors that include: Burglary, Larceny, Robbery, Theft, Arson, Vandalism, Perjury.
- b. Verbal assault.
- c. Assault and battery - Sexual or Non-sexual.
- d. Possession of a dangerous weapon.
- e. Sale, use, possession, or being under the influence of alcoholic beverages or illegal drugs.

- g. Repeated school disturbances.
- h. Interfering with school employees through striking or threatening to strike, or otherwise abusing such employees at any time or place.
- i. Participating in unauthorized or disruptive demonstrations on school property.

NOTE: All rules concerning discipline apply to student behavior in school buildings and on school grounds at all times.

NOTE: Any activity involving alcohol, drugs, burglary, theft, vandalism, immoral conduct (mooning) or failure to comply with school policies could result in a penalty of:

1. Suspension from school for the remainder of the current semester plus one additional semester.
2. Loss of right to participate in graduation exercises.
3. Loss of right to participate in extracurricular events.
4. Loss of right to participate in awards' ceremony.
5. If any previous suspensions or record of discipline exists, long term suspension will be recommended.

Any student who brings any weapon to school or on any school bus or any other vehicle transporting students to and from school-sponsored functions shall be in violation.

The student will be suspended from school for a period of not less than one year for guns. (Reference: Gun Free School Act, 1994)

Some examples of weapons: guns, knives of all kinds, bats, chains, nightsticks, paddles, etc. **The maximum penalty for non-gun weapons is suspension for the remaining semester, plus one additional semester.** The superintendent may modify the suspension requirement on a case-by-case basis.

STUDENTS WHO CHOOSE TO BRING A CELL PHONE ARE CHOOSING TO DO SO AT THEIR OWN RISK. SPS IS NOT LIABLE FOR ELECTRONIC DEVICES WHICH STUDENTS CHOOSE TO BRING TO SCHOOL.

Second Offense will result in two detentions being assigned and parents will be required to pick up the **phone/device**. Third offense will result in one Tuesday/Saturday school being assigned and a parent will be called to pick up the **cell phone/device** as well for any further **cell phone/device** violations. FIGHTING

Students involved in starting a fight or voluntarily participating in a fight could be suspended up to five days on a first offense. This includes recording, and or posting and sharing such recording. A second offense could result in up to a ten day suspension. Voluntarily participating is defined as not doing everything possible, including coming to the principal or other school officials, for their assistance. A repeated offense of fighting may result in a long-term suspension.

Unprovoked hitting or striking another student may lead to a substantial penalty. The aggressor could receive a more severe penalty.

*Harassment of any kind toward another student or school personnel will not be tolerated and could result in suspension.

Vicarious liability -- (indirect responsibility) Third parties that initiate, instigate, aggravate, promote or otherwise cause or effect a fight by action or by word may be suspended.

Fighting by game participants during an athletic contest will also warrant a suspension for two games (OSSAA rule).

Fighting at school events, which are an extension of the school day, or other inappropriate behavior, will result in being banned from all school activities for a period of time. Disciplinary action shall be taken as if the fight occurred during the regular school day.

SEARCH POLICY

Since it is the duty of school administrators and teachers to protect the school population from foreseeable injury, and enforce laws and school rules, it justifies the conducting of a reasonable search that includes desk, carrying bags, lockers and automobiles. Searches should be based on reasonable suspicion with anticipated results of producing tangible objects, which were reported stolen, considered illegal, illicit, disruptive, or a general nuisance to the educational process. All searches must be authorized by an administrator.

STUDENT DRESS

Students should endeavor to be neat, well-groomed and dressed in a manner appropriate and credible to our school. All apparel must be clean, neat and not revealing to the extent that it could be described as indecent for school wear (no bare midriffs, no off the shoulder clothing, stomach must be covered). No open back or open side dresses or garments. No shirts or other wearing apparel shall have written slogans that refer to an alcoholic beverage, sex, drugs, or other objectionable references. Under garment T-shirts should not be worn for shirts (they should be covered). No muscle shirts are allowed. No hats, head-coverings or bandanas should be worn in the building at

any time. Shorts and mini-skirts must conform to proper length. The intent of the shorts' policy is to allow shorts described as walking shorts to be worn to school. Short shorts and tight fitting shorts do not conform to the shorts' policy. Shorts may not have holes at all and jeans with holes above the fingertip line with hands and shoulders relaxed at side will not be allowed. No sagging pants, Billfolds with chains or chains used as decoration on outer garments will not be allowed (see WEAPONS section above). Dog collars and chokers will not be permitted. Decisions regarding violation of any of the above policies shall be made by the administration. Three violations of any one or any combination of the above shall result in Out of School suspension plus Saturday schools. Students can be assigned to a Detention or Tuesday/Saturday school on the first offense of violation of the school dress code. Middle school students are not allowed to have facial piercings of any kind with the exception of the ears. Middle school students cannot have any hair color that is unnatural in nature.

Conduct of Students in Extracurricular Events:

- (a) No signs or banners in the gym will reflect on the opposing team.
- (b) Students who participate in student cheering sections are to remain in the stands or bleachers of the gym during all games or matches. Student cheering section locations will be determined by the building principal.

The above guidelines are not to suggest that Sequoyah students have not or do not dress properly. On the contrary, many compliments have been received on the good appearance and conduct of the Sequoyah student body. Let's work to keep it that way.

STUDENTS DRIVING & PARKING

The speed limit on school property is 15 mph. Music coming from inside the vehicle should not be heard outside of the vehicle.

The West entrance/exit is One Way between the hours of 7:30- 8:30 a.m. & 2:30 - 3:30 p.m. **Do not go out the South exit by the buses after school. No parking on the south side of the softball field by the fence.**

Any motor vehicle must be parked upon arrival at school and can not be moved until the end of the day. The operator must be licensed according to state law.

A student who drives a motor vehicle to school is expected to drive carefully, park orderly and to use mature judgment. Students will park in spaces assigned by the principal. Students are not permitted to park in the parking labeled staff. Detention can be assigned for parking in no-parking areas. Repeated violations can result in loss of driving privilege. If you have questions about designated student parking areas, ask the principal or counselor. Students are not to sit in parked cars at any time. Students should not be in their cars during lunch without permission.

Principals will instruct students on policies about leaving school at the end of the day. Any student who violates these policies or who drives recklessly will be prohibited from driving on school grounds for a time designated by the principal.

CAREER TECH TRANSPORTATION

Students attending Northeast Area Career-Tech will not be required to ride the Career-Tech bus to and from the school. Transportation will be provided for those not wishing to drive. A loss of the driving privilege will occur if:

1. Incident of reckless driving reported by Career-Tech school.
2. Student is caught sitting in the car upon return from Career-Tech. Students are encouraged to ride the bus to and from Career-Tech for safety reasons. Parents are taking full responsibility for safety when allowing their child to drive to and from Career-Tech.

BUSES

A fleet of modern and well-maintained school buses are provided for the transportation of all students living in the school district. Students have a responsibility of keeping buses safe, clean and attractive.

BUS RULES

1. Drivers will have the same control over students while riding on buses as teachers have while students are in school.
2. Please be on time for bus stops. Pickup time should not vary over 5 minutes each day and probably less. Drivers are not required to wait for students who are not in sight.
3. Students should pass in front of a bus, never behind it.
4. At no time, either on regular bus routes or on activity trips, will the use of any tobacco be permitted on buses.
5. For your own safety and protection, the students are required

to remain seated, refrain from scuffling, and keep all parts of the body inside the bus at all times.

6. Every student should help to make the bus as safe as possible. This means keeping noise to a minimum so that the driver may focus his whole attention on driving the bus.

SCHOOL BUILDING HOURS

The building will open each school day at 8:00 A.M. Teachers begin duties at 8:00 A.M. Students that arrive at school prior to 8:00 A.M. will not be under school supervision. The school will not be responsible for those students. School will begin at 8:25 A.M. All students should be gone from the building by 10 minutes after dismissal in the afternoon unless they have a real and definite reason for staying that has been approved by a teacher. Students should not be on school grounds after 3:15 unless involved in a school function. Students remaining after 3:15 will not be under school supervision.

There are times when school may be dismissed earlier than 3:05 due to reasons beyond our control. Parents of elementary students need to talk with their children and make alternate plans for where they should go if school dismisses early. All student transportation changes should be completed by 2:30 p.m.

CLOSING OF SCHOOL

If, for any reason, especially during bad weather conditions, it becomes necessary for school to be closed, notice will be given on Tulsa TV Channels **2, 6 and 8**. Notice will be given as soon as possible. *If you will turn your radio to KRMG 740AM, we will notify this station of school closing.

ICE ROUTES

In those situation when the roads may be icy or snow packed and school is in session, it may be necessary to utilize alternate bus routes. These alternate bus routes are referred to as "ice routes." Bus drivers will explain in advance where the pickup for your child will be and approximate time. Written information on ice routes can be picked up in the principal's office.

CARE OF MONEY & VALUABLES

When something is lost or stolen at school, it is often because the loser has been careless or unwise in taking care of the article. A student caught taking another person's property will be punished. It is the responsibility of each student to care for and protect his own property. The following rules should be followed concerning money, jewelry, and other valuables:

1. Report all losses to the office promptly.
2. Do not bring excess money to school. Bring only what you need.
3. Do not leave money or valuables in the gym or dressing rooms.
4. Do not leave money or valuables in unlocked lockers.
5. Be extra careful not to leave rings and wrist watches at wash basins after washing hands.

There have been few problems in the Sequoyah School concerning students taking the property of others, but even one problem is too many. Students can help keep this problem to a minimum by following these rules and promptly reporting the knowledge of a student taking something that belongs to another student.

TELEPHONE CALLS

The office telephone was installed primarily to aid in carrying on school business. A student must have permission from the building principal, secretary, or faculty member if the principal is not present.

Persons calling a student while the student is in class will be asked to leave a number or a message for the student, except in emergencies. The student may return the call between classes.

LOCKERS & DESKS

Each Upper Elementary, Middle School and Senior High student will be assigned a hallway locker for the keeping of books, school supplies, and clothing. According to state law, students shall have no reasonable expectation of privacy towards school officials in regard to school lockers, desks, or other school property. Book bags brought to school must be put in lockers or designated area (not carried to classes).

TEXTBOOKS

Students will have access to textbooks. The books should be well cared for by the students and checked in at withdrawal or at the end of the course. Students must pay for lost, defaced, water damaged, or torn books. Additional textbooks will not be checked out until arrangements have been made. It will be necessary for parents to purchase some supplies for classes during the school year. No credit is assigned in classes until fees for damaged and lost books are paid.

HALL CONDUCT

They should not run, scuffle, or bother others by pinching, pushing, etc. Students should remember that showing affection in public is inappropriate. Hand holding and other displays of affection are considered improper at school.

FIELD TRIPS

A grade of an “F” in any class disqualifies a student from taking a field trip if it is labeled as extracurricular or rewards trip and missing class. However, if it is labeled as an academic field trip then eligibility will not be considered. It is the teacher’s responsibility to email or place a list of students missing class for activities in the mailboxes of other teachers at least three days in advance. It is the teacher’s responsibility to make sure that all students involved are eligible.

The committee shall consider standardized test scores, the student's age, developmental readiness, social emotional performance, and classroom performance.

Whenever a teacher or placement committee recommends that a student be retained at the present grade level or not passed in a course, the parent or guardian, if dissatisfied with the recommendation, may appeal the decision by complying with the district's appeal process. The decision of the board of education shall be final. SCHOOL ADMISSION

A child must be four years of age on or before September 1 to enter Pre-K. A child must be five years of age on or before September 1 to enter kindergarten.

He/She must be six years of age on or before September 1 to enroll in first grade.

A child entering Pre-K or kindergarten must present an original birth certificate. Any students enrolling in Sequoyah for the first time must have a current immunization record before enrollment can be completed.

The State Law reads: "Beginning with the 1983-84 school year, all new enrollees and transfer students must present acceptable documentation of required immunizations before they may be allowed to enter or attend school."

At its March 14, 1996 meeting the Oklahoma State Board of Health approved three revisions designed to make the state's school immunization law consistent with current medical and public health practice. The first revision becomes effective with the fall 1996 semester and requires children entering kindergarten or, first grade without attending kindergarten, to have received 5 doses of DTP or a combination of DTP and DTaP vaccines totaling 5 doses (unless the fourth DTP/DTaP was received after the fourth birthday).

The second revision becomes effective with the fall 1997 semester and requires all students entering the seventh grade to provide documentation of having received 3 doses of hepatitis B vaccine.

Since completion of the series of 3 doses of hepatitis B vaccine requires 4 to 6 months, parents should be notified of this requirement while the students are in the sixth grade.

The third revision becomes effective with the fall 1998 semester and requires all students entering kindergarten, or first grade without attending kindergarten, to provide documentation of having received 3 doses of hepatitis B vaccine.

Please note that hepatitis B vaccine is now routinely recommended for all children beginning in infancy.

Every subsequent year the hepatitis B requirements will be extended by one grade level. It is the intent of the law that all students, regardless of age or circumstances, have received hepatitis B vaccine if they are in these grade levels. All children transferring from other school districts or other states, all students in these grade levels due to retention, and all students in transitional levels between these grades are also required to have hepatitis B vaccine. Hepatitis A vaccine will be required for students entering Kindergarten **and** 7th Grades in the fall of 1998. Students entering Kindergarten in the fall of 1998 must have a Varicella (Chicken Pox) vaccination before Dec. 1, 1998, or have parent documentation that child has had Chicken Pox.

STUDENT HEALTH PROBLEMS

At the beginning of school, parents should inform teachers of any problems that their child may have, such as asthmatic conditions, restroom problems, a heart condition, or any type of problem that the teacher needs to be aware. This should be taken care of as soon after the opening of school as possible.

ILLNESS/CONTAGIOUS DISEASE IN SCHOOL

When contacted, you or your designee will be requested to furnish transportation home. For communicable/contagious diseases: a physician's note will be required for re-admittance, or fever free for at least 72 hours prior to re-admittance, or on an acceptable treatment plan prior to re-admittance. Students will be subject to check at re-admittance.

DISTRIBUTION OF PUPILS TO ROOMS

After enrollment, pupil assignments will be made by the principal and counselor. This insures a balanced number of pupils in each room. Requests for certain teachers or rooms by parents will not be considered.

TEACHER-PARENT CONFERENCES

Anytime you, as parents, feel the need to talk to the teacher about school problems, do not hesitate to call and set up a meeting. We feel this is very effective in solving many of our major problems.

CHILD FIND NOTICE

Child Find is a component of individuals with Disabilities Act (IDEA) and is an ongoing process of locating, identifying, and evaluating children who may need special education and related services. All children with disabilities, residing in Sequoyah Public School District, whether attending public or private schools, should be identified, located and evaluated. This service is provided to children with suspected disabilities, ages 3-21 years, free of charge. If you would like more information on Child Find, contact Lynn Schroeder, Department of Special Education, 918-341-5472.

SEQUOYAH PUBLIC SCHOOL POLICY CONCERNING FEDERAL EDUCATION RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access.

Parents, or eligible students, should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or

eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(Optional) Upon request, the District discloses education records without consent to an official of another school district in which a student seeks or intends to enroll.

(NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records request unless it states in its annual notification that it intends to forward records on request).

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605

NOTE: In addition a school may want to include its directory information public notice, as required by §99.37 of the regulations, with its annual notification of rights under FERPA.

The district will arrange to provide translations of this notice to non-English speaking parents in their native language.

ATHLETICS & ALL EXTRA CURRICULAR ACTIVITIES

The time has come when athletics play an important part in the curriculum of the present day school. Boys and girls are reached

through athletics who cannot be reached in any other way. Young men and women are finishing school and college each year because of their interest in athletics.

We are planning to have a positive program for both boys and girls. Rules of the Oklahoma Secondary School Activities Association will be our guide.

For participation in athletic competition, or extra curricular activities, or practice, students must be in school (all day) on the day of a game in order to participate in that game. Only extreme emergencies will alter this rule. If you are too sick to be in school, you are too sick to play ball or practice.

All athletes are under the direct supervision of the coach at all times.

According to the State Athletic Association, a student must be in attendance 90% of the time during the current semester in order to be eligible for participation in competitive athletics. This will be checked during the semester and when a student has not been in school 90% of the time, he will not be allowed to participate until he attends school enough days to meet this requirement.

All students participating in athletics and accompanying the team away from home will be expected to ride the school bus unless parent or guardian is present to request permission from the coach for their child to ride home with them. Students should never be allowed to ride home with anyone other than their parents in these emergency cases.

ELIGIBILITY REQUIREMENTS: A student must meet Rule 3 of the OSSAA Constitution. All students participating in any extra-curricular will be held accountable to the board adopted drug policy. Parents and students must sign before participating will be allowed.

The coaches and school's responsibility ends when students are delivered to the Sequoyah School buildings.

All athletes before participation, practice or games must have on file in the Athletic Director's office: (1) Physical form signed by a doctor and parent/guardian; (2) Authorization for Emergency Care to Students; (3) Student Athlete Insurance Release Form; (4) Student must have signed Student/Parent Drug Testing Consent Form.

JACKETS AND SWEATERS

Each year any student in grades 9, 10, 11 or 12 may order a letter jacket. Arrangements will be made by the Athletic Director. The student must at that time place on deposit with the company an amount equal to the cost of the jacket or sweater. Students will receive their jackets

upon receipt from the manufacturer.

Coaches will determine eligibility for post season honors and patches that may be purchased.

EMERGENCY PROCEDURES GUIDE

Annual Notification for Parents, Teachers & Employees. The Asbestos Hazard Emergency Response Act of 1986 (AHERA) requires the inspection of all buildings in the school district for asbestos. The district has complied with this act. A management plan documenting these inspections is on file for public review. Upon request, you may view the plan which is located at the superintendent's office and at each campus.

CLOSING

This handbook for parents and teachers has been prepared for your information and convenience. It is our hope and desire that this book will help us work together for the best interest of our students of Sequoyah School.

MOMENT OF SILENCE

It shall be the policy of the Sequoyah School Board of Education that no sectarian or religious doctrine shall be taught or inculcated into the curriculum or activities of the school. However, those students who wish to do so may participate in voluntary prayer so long as it is during non-instructional time and does not interfere with the rights of other students.

Each school site within the district shall observe one minute of silence each day for the purpose of allowing each student to meditate, pray, or engage in any other silent activity that does not interfere with, distract, or impede other students in the exercise of their choice. All school personnel are to afford these options to all students, who will individually make the selection as to which of these behaviors they will engage in during the moment of silence. These options will also be included in the student handbooks.

The minute of silence will be held at the start of the school day.

Each building principal will use the intercom or assign someone to read the statement concerning the "minute of silence" law. Students not in the general classroom setting first period of the day will be read the statement concerning the "Minute of Silence" law by their coach, band instructor or teacher, whatever the case may be.

INTERNET & OTHER COMPUTER NETWORKS ACCEPTABLE USE & INTERNET SAFETY POLICY

The Sequoyah Public Schools district is pleased to make available to students and staff access to interconnected computer systems within the district and to the Internet, the worldwide network that provides access to significant educational materials and opportunities.

In order for the school district to ensure the continued accessibility of its computer network and the Internet, all students and staff must take responsibility for appropriate and lawful use of this access. Students and staff must understand that one person's misuse of the network and Internet access may jeopardize the ability of all students and staff to enjoy such access. While the school's teachers and other staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access. All students will be educated about the appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber-bullying awareness and response.

Below is the Acceptable Use and Internet Safety Policy ("policy") of the school district and the Data Acquisition Site that provides Internet access to the school district. Upon reviewing, signing, and returning this policy as directed, each student and staff member agrees to follow the policy and will be given the opportunity to enjoy Internet access at school. If a student is under 18 years of age, he or she must have his or her parent or guardian read and sign the policy. The school district shall not provide access to any student who, if 18 or older, fails to sign and submit the policy to the school as directed or, if under 18, does not return the policy as directed with the signatures of the student and his/her parent or guardian.

Listed below are the provisions of the agreement regarding computer network and Internet use. The district has designated a staff member to whom users may direct questions. If any user violates this policy, the user's access will be denied or withdrawn, and the user may be subject to additional disciplinary action.

Personal Responsibility

By signing this policy, the user agrees not only to follow the rules in this policy, but also to report any misuse of the network to the person designated by the school for such reporting. Misuse means any violations of this policy or any other use that is not authorized under this policy, and having the effect of harming another or his or her property.

Term of the Permitted Use

A student or staff member who submits to the school, as directed, a properly signed policy and follows the policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students and staff will be asked to sign a new policy each year during which they are students or staff members in the school district before they are given an access account.

Acceptable Uses

1. **Educational Purposes Only.** The school district is providing access to its computer networks and the Internet for educational purposes only. If the user has any doubt about whether a contemplated activity is educational, the user may consult with the person(s) designated by the school to help decide if a use is appropriate.
2. **Unacceptable Uses of Network.** Among the uses that are considered unacceptable and which constitute a violation of this policy are the following:
 - A. Uses that violate the law or encourage others to violate the law. Do not transmit offensive or harassing messages; offer for sale or use any substance the possession or use of which is prohibited by the school district's student discipline policy; view, transmit or download pornographic materials or materials that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, the user should assume that all materials are protected unless there is explicit permission on the materials to use them.
 - B. Uses that cause harm to others or damage to their property. For example, do not engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than the user is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, "Trojan horse," "time bomb," or other harmful form of programming or vandalism; participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.
 - C. Uses that jeopardize the security of student and staff access and of the computer network or other networks on the Internet. For example, do not disclose or share your password with others; do not impersonate another user.

- D. Uses that are commercial transactions. Students, staff, and other users may not sell or buy anything over the Internet. The user should not give others private information about the user or others, including credit card numbers and social security numbers.

3. Netiquette. All users must abide by rules of network etiquette, which include the following:

- A. Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.
- B. Avoid language and uses that may be offensive to other users. Do not use access to make, distribute, or redistribute jokes, stories, or other material that is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.
- C. Do not assume that a sender of e-mail is giving his or her permission for the user to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should be done only with permission or when the user knows that the individual would have no objection.
- D. Be considerate when sending attachments with e-mail (where this is permitted). Be sure that the file is not too large to be accommodated by the recipient's system and is in a format that the recipient can open.

4. Cyber Bullying. Cyber bullying is when one or more people intentionally harm, harass, intimidate, or reject another person using technology. This includes but is not limited to the following:

- Sending mean or threatening messages via email, IM (instant messaging), or text messages.
- Spreading rumors about others through email, IM, or text messages.
- Creating a Website or Facebook (or other social-networking) account that targets another student or other person(s).
- Sharing fake or embarrassing photos or videos of someone with others via a cell phone or the Web.
- Stealing another person's login and password to send mean or embarrassing messages from his or her account.

It shall be the policy of Sequoyah Public Schools that cyber bullying will not be tolerated under any circumstances. A student caught violating this policy will lose computer privileges and these actions may result in further disciplinary action including suspension or expulsion from school of the student(s) involved. In addition, violators and their parents/guardians may be subject to civil and/or criminal penalties as specified by Oklahoma and/or federal law.

Internet Safety

1. **General Warning; Individual Responsibility of Parents and Users.**

All student users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged students. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guides to materials to shun. If a student or staff member finds that other users are visiting offensive or harmful sites, he or she should report such use to the appropriate school designee.

2. **Personal Safety.** Be safe. In using the computer network and Internet, the user should not reveal personal information such as the user's home address or telephone number. The user should not use his/her real last name or any other information which might allow a person to locate the user without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone "met" on the computer network or Internet without a parent's permission (if the user is under 18). Regardless of the user's age, the user should never agree to meet a person the user has only communicated with on the Internet in a secluded place or in a private setting.

3. **"Hacking" and Other Illegal Activities.** It is a violation of this policy to use the school's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violates state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

4. **Confidentiality of Student Information.** Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or, if the student is 18 or over, the permission of the student. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by law, for internal administrative purposes or approved educational projects and activities.

5. **Active Restriction Measures.** The school, either by itself or in combination with the Data Acquisition Site providing Internet access, will utilize filtering software or other technologies to prevent users from accessing visual depictions that are:

(1) obscene, (2) pornographic, or (3) harmful to minors. The school will also monitor the online activities of users, through

direct observation and/or technological means, to ensure that users are not accessing such depictions or any other material that is inappropriate for minors.

Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age 17 and older.

The term “harmful to minors” is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file, or other visual depiction that

- taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals;
- taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Privacy

Network and Internet access is provided as a tool for the user’s education. The school district reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the school district and no user shall have any expectation of privacy regarding such materials.

Failure To Follow Policy

The user’s use of the computer network and Internet is a privilege, not a right. Important information for Parents about Meningococcal Disease & Meningococcal Vaccines from the Oklahoma State Department of Education and the Oklahoma State Department of Health

What is meningococcal disease? It is a rare but sometimes fatal disease caused by a bacterium called *Neisseria meningitidis*. The disease causes either meningitis, severe swelling of the brain and spinal cord or meningococemia, a serious infection of the blood.

Who is at risk from meningococcal disease? Although the risk is extremely low, disease does occur. Babies less than a year old have the highest risk for meningococcal disease, but no vaccine is available to protect them.

Teenagers and young adults, aged 15 to 22 years, are at increased risk because of behaviors that spread the disease. On average two to three people in this age group get meningococcal disease every year in Oklahoma. More than half of these could be prevented by vaccine.

College freshmen living in dormitories have a greater chance of contracting the disease than other persons their age. Others at increased risk are those with immune system problems, without a spleen, and traveling to parts of the world where the disease is more common.

How is the disease spread? The disease is spread by droplets in the air and direct contact with someone who is infected. That includes coughing or sneezing, kissing, sharing a water bottle or drinking glass, sharing cigarettes, lipstick, lip balm – anything an infected person touches with his or her mouth.

Is meningococcal disease dangerous? Yes, every year in the United States about 2,500 people are infected and about 300 people a year die, in spite of treatment with antibiotics. Of those who live, about 400 a year lose their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes. This is why preventing the disease is important. If your child has symptoms of meningococcal disease, contact your health-care provider immediately.

SIGNS & SYMPTOMS OF MENINGITIS

- Headache
- Fever
- Chills
- Stiff Neck
- Extreme tiredness
- Vomiting
- Sensitivity to light
- Rash of small purplish black-red dots

How can meningococcal disease be prevented? Vaccines can prevent many types of meningococcal disease, but not all types. There are two vaccines available in the U.S. that protect against four of the five most common strains of the meningococcal bacteria. The newest vaccine, Menactra, or MCV4, is currently available for:

- Adolescents entering high school (15 years of age)
- College freshmen who live in dormitories
- Other people at high risk 11 -through-55 years-of-age.

There is a shortage of both vaccines because the company that makes the vaccines has not been able to keep up with the demands; therefore, it may be difficult to get the vaccine. However, healthcare providers are saving the vaccine for these groups.

The earlier vaccines, called Menomune, or MPSV4, was effective in older children and teenagers but booster doses were needed every three to five years. The new vaccine protects against the same types of meningococcal bacteria and probably will not require booster doses. MPSV4 is still used for children 2 through 10-years-old and adults over 55 who are at risk.

Teenagers and young adults can also reduce their risk by taking good care of themselves, by eating a balanced diet, getting enough sleep and exercise, as well as avoiding cigarettes and alcohol.

Is the meningococcal vaccine safe? Yes, both vaccines are safe; however, there are risks with any vaccine. About half of the people who get the vaccine will have pain and redness where the shot was given, but because the vaccine is not made from the whole bacteria, it cannot cause bloodstream infections or meningitis. A small percentage of people who get the vaccine develop a fever. Vaccines, like all medicines, carry a risk of an allergic reaction, but this risk is very small.

A few cases of Guillain-Barre Syndrome, a serious nervous system disorder, have been reported among people who got the new vaccine, MCV4 (meningococcal conjugate vaccine). At this time, there is not enough evidence to tell if the vaccine caused the disorder. Health officials are investigating these reports.

Does the meningococcal vaccine work? Yes, The new meningococcal vaccine protects about 90% of the people who receive it from meningococcal disease caused by types A, C, Y, and W-135. These types cause almost two-thirds of all meningococcal disease in teenagers in the U.S. It does not prevent type B, which causes about 1/3 of the cases in teenagers.

Does the meningococcal vaccine prevent all cases of meningitis?

No. However, 63% of the meningitis cases in 18-22 years olds occurring in Oklahoma from 2000 through 2005 could have been prevented by vaccination. The meningococcal vaccine does not include type B.

Scientists have not been able to make a vaccine that will protect against type B. Other bacteria and viruses can also cause meningitis. More information about these causes can be found at the National Meningitis Association Website listed in the box below.

Where can I get the vaccine for my child? If your child has health insurance, you can obtain it from your health-care provider. Local county health departments have the vaccine available now at no charge for all children who: now have health insurance, are Medicaid eligible, are Native American, or whose health insurance does not pay for vaccines, and are either 15 through 18 years of age, or who do not have a spleen, have certain immune system problems, or who will be traveling to certain parts of the world.

Is this vaccine required to attend school in Oklahoma? This vaccine is not required to attend kindergarten through the 12th grade in Oklahoma. However, it is required for students who are enrolling in colleges and other schools after high school who will live in dormitories or on-campus student housing.
