

Almanac Map Practice

Use the map to do these activities and answer these questions.

Practice

1. Draw a line to trace Coronado's route.
2. What American Indian groups did Coronado likely meet? _____

3. How many times did Champlain explore North America? In what years did these explorations take place? _____
4. Circle the area covered by Cabrio's exploration.
5. Describe Hudson's journey using the directions *north*, *south*, *east*, and *west*. _____

Apply

6. Work with a partner to figure out the area where your state is on the map. Name any explorers who traveled through this area. Write the American Indian groups that lived in this area.
