

Almanac Graph Practice

Practice

1. Were there more nonfarmers in the 1770s or today? _____
2. About how many people worked on farms in the 1770s?

Apply

3. Use the information below to complete the circle graphs. Draw lines to make sections in each circle. Write the term *employed* or *unemployed* in each section.

In 1982, 9.7% of American workers were unemployed, or did not have jobs. This was far higher than in 1944, when only 1.2% of American workers were unemployed.
