

Hello,

The first 9 weeks session has come to a close. We have completed the first 3 chapters in the book and everyone is doing really well. In those 3 chapters we have covered the basic geography skills, for example, latitude and longitude, the layers of the earth, and human culture. In this 2nd 9 weeks, we will be learning about the North American Continent, 50 States and their Capitals, Mexico and the Caribbean Islands. If you or your child have any questions please contact me by email bobby.cooper@sequoyaheagles.net

Have a good day and "Go Eagles"

Coach Cooper
