

Hello, and welcome back

We are excited to begin the 2nd (spring) semester. This semester is always a busy time with the beginning of spring activities and with the end of the school year. In 6th grade Geography, we will be completing the final chapters of the textbook and continue are studies of the western hemisphere. The chapters we will be studying and learning begin in the North American Continent, the countries of Canada, Mexico and the Caribbean Islands. After spring break in March, we will complete the semester with the study of Central America and the continent of South America.

Again, if you or your child have any questions please contact me by email
